HARVARD'S EASY VICTORY OVER THE BOSTON A. A.

The Schoolboys Out to Score and Make a Good Showing—Rutgers Defeats the University of North Carolina by a Goal Kicked from the Field—Other News.

CAMBRIDGE, Nov. 1.—Harvard put a lot of snap into her play in the game with the Boston Athletic Association, and at the end of the time that dash was set in and stopped the game, she had rolled up 40 points to the Boston A. A. 6. The playing was very hard, and there were many wins on account of injuries to the A. A.

Harvard showed better interference than at any time before this year. The linemen made good holes, and Harvard never lost the ball on downs. Most of the plays were directed at the A. A.'s centre and tacklers. The sensational features occurred in the second half, when Hayes, Brewer, and Whittemore all made runs of over sixty yards each. For R. A. A. tiercione, the old Harvard number, hundred, and the best work. The team lined up as follows:

BROOKLYN HIGH SCHOOL, 5: BERKELEY SCHOOL, 4.

An exciting game of football was played at Berkeley Oval yesterday afternoon, the result being another victory for the High School boys, this time by a score of 5 to 0. The game began with a touch down in the first half by a violent attack on the opponents' line, the try for goal failing. After the start of the second half, however, by a beautiful gain through Berkely's left end, the ball was in the hands of the boys to kick a goal. When the ball was in High School's safety-five yard line, and Berkely in possession of the safety, the ball was kicked across the field, the High School full back, and reached the line just outside the safety. It was a wonderful style. Pier failed to clear the goal posts. The final score was 5 to 0. The teams lined up as follows:

	Position	Berkeley	High School

RUTGERS, 5: UNIVERSITY OF NORTH CAROLINA, 4.

New Haven, Nov. 1.—The University of Rutgers defeated the University of North Carolina by a score of 5 to 0. The game was played on Neilson Field, and the result being the third victory for this city. The teams were well matched. Twenty minutes have been played, and the ball was kept in play, while the two teams struggled for every opportunity and struggled manfully for the ownership of the ball. The first half was nearly concluded when Rutgers forced the ball into the territory of North Carolina.

The boys from the Pine Tree State exhibited vigorous and skillful play, but without avail. Rutgers' runners took much from them. Suddenly "Cap" Van Dyck of Rutgers, who had been running with the ball, was tackled from the field just as time was called. The students were sent with him to the hospital, and the visitors from the field of their shoulders. The game will have a turkey supper in honor of their victory. The line was as follows:

NEWARK ACADEMY, 12: HIGHLAND C. O., 0.

Newark, Nov. 1.—The Newark Academy team defeated the Highland C. O. team in the Orange Oval this afternoon, by a score of 12 to 0. The game was very short, and the best players, most of whom are in the first division, did not matter in running around the end of the line. They were weak in buckling the centre, in which the home team was.

The Central football team would like to arrange a game with the Newark Academy, and the two schools are to meet again at a point of thoroughly disgusted schoolboys, among whom was President Sykes of the L. A. A., waited in vain with the doors closed.

The game will be played yesterday afternoon at the grounds of the Condon and Hamilton Institute players' non-appearance.

It was run by the Condon school, and the cause of the cause was that Condon school had not played a game against the Newark Academy since 1888, but Yale and Princeton had. It was thought that he should have been notified if Sykes thought that he should have been notified or if the Newark Academy had been given a chance to respond for not having let him know of any change in the schedule.
